Workshop

n8n hands-on: automate real business processes

Two days building real automations in n8n: leads, approvals, reports and AI steps.

This workshop takes you from your first n8n workflow to automations you can run in your company. You build four complete workflows and take the templates home.

What you will learn

- n8n triggers, nodes, data and expressions
- Connecting CRM, email, sheets and WhatsApp
- Adding AI to classify, summarise and reply
- Error handling, logs and running safely

Agenda

1. Day 1: n8n basics and a lead capture workflow
2. Day 1: Approvals and notifications
3. Day 2: AI steps for email triage
4. Day 2: Reports, error handling and going live
